**ELIGIBILITY:** Show open to any youth 21 years of age and younger as of January 1, 2013.

**OWNERSHIP & ELIGIBILITY:** All heifers must be registered with their respective breed associations and be in the junior exhibitors name solely by May 1<sup>st</sup>, 2013.

**HEALTH REQUIREMENTS:** Health certificates will only be required for out-of-state animals. Out-of-state animals must be individually listed and identified on the Certificate of Veterinary Inspection, either by registration number, premises ID or Scrapie ear tag. Out-of-State animals will be required to obtain a Health Certificate & Entry Permit # from the Animal Health Division, Oregon Department of Agriculture phone (503) 986-4680. Have your local veterinarian contact the permit clerk, Animal Health Division for specific requirements at least two weeks prior to the show.

*Note:* All livestock (both in-state and out-of-state) may be subject to veterinary inspection if show management deems necessary. All sheep will be health inspected at check in/weigh in.

**CATTLE HEALTH REQUIREMENTS:** All female cattle four months or older must have been calf hood vaccinated against brucellosis and must have legible vaccination tattoo. Oregon does not accept "Mature Vaccinated" cattle. If coming from a state with less than "FREE" status in the state/federal brucellosis and tuberculosis eradication programs, testing may be required. All cattle entries must be identified by their individual ear tag or tattoo number.

**SHEEP HEALTH REQUIREMENTS:** All individual sheep exhibited (both Oregon and out-of-state origin) must have a Premises ID or Scrapie Ear Tag issued through the USDA Scrapie Eradication Program. For additional information contact the USDA (APHIS) veterinary offices: 1-866-873-2824. All sheep entries will be given special scrutiny for absence of Lamb Fungus. No unsightly conditions, active or healed lesions of Lamb Fungus will be tolerated or permitted. If any animal is disqualified for health issues, entire entry will be removed with no refund.

**SWINE HEALTH REQUIREMENTS:** Requirements for pseudorabies and brucellosis tests are based on official status of state or herd of origin.

**BRAND INSPECTION:** Exhibitors must comply with the brand inspection laws covering movement of livestock. Within Oregon, a transportation slip is necessary. For livestock crossing any state line, a brand inspection certificate must accompany your livestock.

**LAMBS & GOATS:** ALL lambs and goats must be slick shorn before crossing the scale.

**CLASSES:** Market classes will be divided by weight, into as equal groups as possible by show officials. If an exhibitor showing multiple species has an issue with conflicting classes, then another junior exhibitor may show that exhibitors animal (except for showmanship).
